## *Letter from the President*

Greetings Neighbors,

It's here! Presenting our 2017-2018 merchant directory...

Look around town, and you can see that we have added many new businesses over the last few years - Brownstones, NY Chic, Total Nutrition, Wild by Nature, Aloha Yoga - just to name a few. Towers Flowers has transformed part of our business district with its move to a new location, making it beautiful inside and out... and there are more new ones popping up!

Shopping locally has become more vital to our community over the last several years. A large portion of your sales tax dollars remains here, and a lot of local business owners actually live in our town. By patronizing these great establishments, we are helping our community and helping our neighbors.

The West Islip Chamber of Commerce is made possible by the participation of our local merchants, groups and residents. Their continued support of our community allows us to present scholarships to our youth, and to plan networking and special events as we continue to be your voice in the community.

Visit us at [www.westislipchamber.org](http://www.westislipchamber.org) for more information and to see our event calendar, and join us for our annual barbeque at Our Lady of Consolation on July 27th. All the best to you and your families!

Remember, keep it in West Islip (KIIWI)

Sincerely,

*Charles Spencer*

President

## NEW YORK CANCER & BLOOD SPECIALISTS

CONQUERING CANCER CLOSE TO HOME

### A PERSONAL APPROACH TO CANCER CARE

*New Yorkers now have a better option when it comes to cancer care*

We began our quest to conquer cancer on the North Shores of Suffolk County. We endeavored to provide the same state-of-the-art care one would receive in Manhattan, right here in their own backyard. We sought to provide care to each and every local community that was unparalleled. Now, we have expanded: with locations in Queens, the Bronx, Manhattan, and more to come, we will continue to bring that same quality, personalized cancer care to each and every New York community. From pre-treatment care to post-treatment services, we make it an easy choice for you, our patient, based on CARE, and CARE alone.
