CLINICAL TRIALS

NEW YORKERS CAN EASILY ACCESS TOMORROW'S CANCER TREATMENT OPTIONS - TODAY!

We put our neighbors with cancer first - and the world noticed. We began with a promise to provide quality personal care to New York cancer patients in the convenience of their own backyards. Through ground-breaking clinical trials at many of our 25 locations across Long Island and the boroughs of NYC, we find the most-advanced drugs and implement new treatment protocols for the most challenging of cancers. Imagine a pill replacing those hours in the chemo chair. For many study participants, it's a welcome reality with promising results. Now, patients travel to us from around the world to participate in trials. If your cancer is not responding to conventional treatment, our 62+ cutting-edge clinical trials may offer new hope and options for **Conquering Cancer Close To Home™**.

LONG ISLAND'S PREMIER CANCER TREATMENT CENTER

Clinical Trial Services include:

Cutting-edge oncology studies for breast, lung, prostate, ovarian, and pancreatic cancers. Hematology studies for leukemia, lymphoma, anemia. Phase 1 through 4 studies.

Letter from the President

Greetings Neighbors,

It's that time of year again. Introducing the 2019 Chamber of Commerce Business directory. 2018 has brought some exciting events and new businesses arriving to our community along with some ready to open. Please see the directory and support our local businesses. It's close and convenient to shop in our area and as we all know time is money. From doctors, dentists, medical facilities, retail, auto, beauty salons, professionals and more we have it all right in our neighborhood.

We just came off of one of our most successful events that took place at the West Islip Fire Department. On October 24 we brought to the community our "Taste of West Islip". We had over 30 local vendors displaying their food and over 400 residents attended. The support from all of our food venues that included our delis, restaurants and bars was tremendous. It was a great time and we are looking forward to another one in 2019. The chamber has had networking events supporting everything to small business plans to help with social media. In this day and age our businesses need to engage in internet activities to promote and grow their businesses. We also had a wonderful cocktail networking party at Primi Italian steakhouse and by the time this is published we will have had our holiday party there too.

I want to personally thank all the businesses that have joined the chamber this year and thank all the businesses that have been steady members throughout. We are grateful for our resident members who participate in all our events and support us too. Joining the chamber brings exposure to your business and supports local programs that we promote for the betterment of our community. Please check out our website www.westislipchamber.org for upcoming events, news and members. Remember to keep in in West Islip (KIIWI). We remain your voice in the community.

Have a prosperous and healthy 2019!

Sincerely,

Charles Spencer

YOUR Mother DESERVES THE BEST
 BREAST CARE ON LONG ISLAND.

PERSONALIZED EXPERT BREAST CARE FROM DIAGNOSIS THROUGH TREATMENT

Where you go for care can make a big difference. Good Samaritan's award-winning Breast Health Center is right here in your backyard. Our digital mammography screenings are more accurate and precise. Every aspect of our fully accredited, hospital-based program, from early detection through diagnosis to treatment, meets the highest industry standards with outcomes that surpass the U.S. average. While no one comes close to us, we're close to you. Our team is with you every step of the way, and it's no wonder we've earned the highest scores from the NAPBC for breast care, and the highest from our patients as well.

WE'RE HERE FOR YOU
